**F**

11/9

## our learning

### Reading

In Reader's Workshop we will be completing our first unit. Students will be using SeeSaw to record their reading. They will also be celebrating all of their new reading habits by reading to our second grade friends. Students will be practicing handwriting. In phonics we will be learning s-blends.

### Math

Students will learn how to count on to add. This is an important strategy. Students will also learn doubles facts. At the end of the week ask the students to sing the Doubles Rap Song for you.

### Religion

Students will discover how Jesus shares God's love with us. Students will be re-assessed on the Sign of the Cross. Many students are not making the correct hand motions for this prayer.

### Writing

Students will be studying mentor texts to learn author's craft move such as ellipses and bold words. By the end of the week students will be selecting a story to publish for their writing portfolio and final assessment in our first unit.

### Social Studies

We will learn about family traditions this week. Additionally, we will begin to share information learned during our Grandparent interviews.

## homework

- Monday: Math pg. 141 and 142
- Tuesday: Math pg. 147 and 148
- Wednesday: Math pg. 153 and 154

11/20: Report Cards Available on MSP

11/21, 11/22, and 11/23: Thanksgiving Break

## Mrs. Cilano's Corner

The best part of my job is listening to your children. I try to carve out time everyday to make real connections with at least a few of our 1<sup>st</sup> graders. Hearing what they are excited about and about their life outside of school is an honor and a delight. It is so important to slow down and just listen.
