our learning

Reading

Students will learn about key words and discover the importance of key words in learning about a topic. This week students will begin to talk about the information that they learned from non-fiction texts with their partners. In phonics we will learn about the SH diagraph.

Math

Math assessment is on 1/22 and 1/23.

At the end of the week we will begin Chapter 6. In this chapter students will be learning about ones and tens. We will be using ones and tens to help us count to 120. In the next chapter we will compare numbers using tens and ones. In chapter 8 we will be adding using tens and ones.

Religion

Students will continue to learn about the Sacraments.

Writing

Students are beginning to write chapter teaching books. Students will learn how to write a table of contents. They learn to add details, give examples and make comparisons to help their readers learn more about their topic.

Science

Students will finish their inquiry into sound and begin to explore light waves.

homework

- Thursday: Math page 335 and 336
- Friday: Math page 341 (no #9) and page 342 (no #2)
- Read for 10 minutes every night
