

THIS WEEK IN Mrs. Cellura's CLASS

M

2/12

W

Happy Valentine's Day

F

Valentine's Party

T

2/13

R

100th Day of School

our learning

Reading

This week students will continue to practice finding key words and details to share with others in their non-fiction books. Students will be reading their books to Kindergarten on Friday. Students will continue to review digraphs.

Math

Students will review concepts learned in Chapter 6. Students will take the assessment for this chapter on Thursday and Friday. They have done an incredible job learning place value.

Religion

Students will learn about the Catholic Family. We will learn more about the sacrament of Matrimony.

Writing

This week students will create a conclusion for their stories. They will complete their first draft and begin to revise and edit their chapter books. These students are remarkable writers! We will have a Writing Showcase to celebrate our books in the beginning of March.

Science

Students will explore light this week. We will discover different properties of light and discover what happens when light hits different objects.

homework

- Tuesday: Math page 389 and 390 (no*2)
- Thursday: Images for Chapter Book due
- Read for 10 minutes every night
- Sight word review every night

Reminders
