our learning

Reading

Students will be learning important self-monitoring skills. We will examine mentor text and determine difficult words by asking-does it look right, sound right and make sense... In phonics we will learn about vowel teams. This week we are working on long I (ie. igh, iCC)

Math

Students will continue to learn strategies to help them add and subtract double digit numbers. We will examine place value as a way to add. Students will group ones and then tens together to add numbers.

Religion

Students will be creating Get Well cards for sick and home-bound parish members.

Writing

This week students will learn how to strengthen their opinions. They will use quotes to create a stronger argument. In addition we will continue to work on adding linking words such as because, for example, and another reason.

Social Studies

Students will continue to work on needs and wants. We will discuss choice, and how choices need to be made based on needs, wants, and resources.

homework

- Wednesday: Math page 471 (no #4) and 472
- Thursday: Math page 466 (no #3 and #4) and 467
- Read for 10 minutes every night
- Sight word review every night
