## our learning

### Reading

Students will work on fluency and comprehension skills. We are reading *Zelda and Ivy*, a chapter book by Laura McGee Kvasnosky. We will work on recording our reading to share with others. In phonics we will learn about bossy r. We will learn the pirate sound (ar).

### Math

We are learning about time. Students will explore digital and analog clocks. We will learn about the hour hand and the minute hand. Students will tell time to the hour and half hour. Chapter 9 assessment will be next week.

### Religion

In religion we will be learning about the first Christians. We will discover how they kept the Spirit of Jesus alive and how we can do that today.

### Writing

This week we will start to write book reviews of our favorite books. This is a fun way to learn about new books and to encourage our classmates to read!

### Science

After finishing our exploration of the sun, we will learn about the moon. Look for information of our night time sky journal. Students will be assigned one evening to draw a picture of the night time sky. We will look for moon and see how it changes over time.
