The Good News from Our Kingdom

OUR WINDOW TO JESUS

4th grade students learn about Monstrances - the vessel with which the consecrated Eucharist host is displayed.

SAINT OF THE DAY:

SAINT URSULA, October 21, 383 - Princess and daughter of King Dionotus of Dumnonia in southwest Britain. Postposed her marriage to a pagan king by undertaking a pan-European pilgrimage where she and her group of holy virgins were captured by the Huns. All were tortured and martyred in Cologne, Germany, for refusing to renounce their faith. Christopher Columbus named the Virgin Islands in her honor when sailing past them in 1493. She is the namesake for the Order of Ursulines (founded in 1535) which is devoted to the education of young girls. Patron Saint of the British Virgin Islands, Catholic education (especially of girls), educators, Cologne, Germany, and the University of Paris.

DID YOU KNOW...

Science is the study of God's creation. There are no discrepancies between true science and faith, for it is God Himself who made the secrets of nature what they are. "Since the same God who reveals mysteries and infuses faith has bestowed the light of reason on the human mind, God cannot deny himself, nor can truth ever contradict truth." (CCC:159)
