**Heavenly Father, we ask your blessings and protection on the people of Sacred Heart Parish. We, your children at St. Patrick's, invoke your name on their behalf. We are grateful for all you have given us and in return we are mindful of those who have less than we do. Bless us all and keep us close to you. May the example of your Son, Jesus Christ, be the strength that will make us one in you. This we ask through Jesus Christ our Lord. Amen.**

## FROM THE PASTOR'S DESK:

It is hard to believe that it is already Labor Day weekend! The summer has gone by so quickly and I hope that these months have been a time for some relaxation and refreshment. For me it has been a time of transition to my new assignment here at St. Patrick's Parish. I have met so many of you and soon hope to meet more of you as we begin a new school year and return to our usual parish routine.

Our Gospel this weekend reminds us to be faithful to God's ways and not cling to our own. Jesus condemns the Pharisees for being more concerned about external than interior motives. They enforced the letter of the Law rather than the spirit of the Law. The Lord calls each of us to look into our hearts and recognize that evil originates within us and defiles us. As we strive to be faithful to our call to holiness, let us cleanse our hearts and look at our motives so we can all remain steadfast in our fidelity to Christ.

May we continue as a Church to pray for healing for all those who have suffered abuse. May we pray that our Church be healed and cleansed during this difficult time. Remember that the Lord is with us!

In Christ,  
Msgr. John T. Ferry, Pastor

## WORDS OF INSPIRATION:

### **Action Guided by Prayer**

Sometimes there is a misconception about the spiritual person: an image of someone who is nice enough, but who doesn't get much done. This couldn't be farther from the truth. When you meditate deeply, you get into danger if you just stop acting. You need meaningful, engaging work, work that adds to the benefit of all. When you have gone a little way in meditation, instead of rushing about doing a myriad of different things, you learn to act efficiently in ways that are harmonious with your goal; you don't waste time and energy on meaningless activity. You become very active, but in a controlled, focused way. This compatibility of action and contemplation is one of the little-known secrets of the meditative life.
