ACTUAL COSTS to educate a child at St. Mary School.....

The actual cost to educate a student at St. Mary School is **NOT** the tuition amount. It is approximately \$7,000 and rising per student. We are very grateful that the balance of the educational costs are subsidized by the people of St. Mary Parish. The school also conducts a few fundraiser events like the **Bike-a-thon, Annual Fund and Calendar Raffle** to keep tuition rates lower. The state and federal government also provide limited support with supplies and qualifying resources.
