

Footnotes from the Library

St. Mary School

BIRTHDAY BOOK CLUB

St Mary School Library sponsors the Birthday Book Club program each year. We would like to invite you and your family to participate by celebrating your child's birthday (or the special day or any other family member) by making a \$3.00 donation to the school library.

On the Friday closest to your child's birthday (or any Friday) send \$3.00 to school in an envelope labeled Birthday Book along with your child's name, grade, and birth date. When your child visits the library they will be able to select a new hard-cover book from our "reserved" bookshelf. These books have a retail value of \$12 - \$18. Your donation moderately offsets the purchase price and is not intended to reflect the true value of the book. The special birthday book chosen by your child will be dedicated with a bookplate bearing your child's name and birth date. Your child will also be the first to check out the new book, and then the book will be put on the library shelf for all students to enjoy.

Memorial donations are also accepted.

If you have any questions about our program, please call the school office.

Thank you for fostering an educational and enjoyable activity...reading!
