THE SACRAMENTS OF HEALING

- 1491 The sacrament of Penance is a whole consisting in three actions of the penitent and the priest's absolution. The penitent's acts are repentance, confession or disclosure of sins to the priest, and the intention to make reparation and do works of reparation.
- 1492 Repentance (also called contrition) must be inspired by motives that arise from faith. If repentance arises from love of charity for God, it is called "perfect" contrition; if it is founded on other motives, it is called "imperfect."
- 1493 One who desires to obtain reconciliation with God and with the Church, must confess to a priest all the unconfessed grave sins he remembers after having carefully examined his conscience. The confession of venial faults, without being necessary in itself, is nevertheless strongly recommended by the Church.
- 1494 The confessor proposes the performance of certain acts of "satisfaction" or "penance" to be performed by the penitent in order to repair the harm caused by sin and to re-establish habits befitting a disciple of Christ.
- 1495 Only priests who have received the faculty of Absolving from the authority of the Church can forgive sins in the name of Christ.

Did You Know? "While the Senate Republicans defunded \$380,000 from Planned Parenthood and subpoenaed them for information on the disposition of the bodies of aborted babies, pro-life Missourians are profoundly disappointed in the Missouri State Senate. In spite of the fact that both the House and Senate investigations revealed discrepancies in the disposal of the bodies of aborted babies and received no proof that they aren't being sold, the Senate failed to bring to the floor HB2069, legislation addressing this issue that had already passed the Missouri House. HB2069 would also have given whistleblower protection to workers who want to tell the truth about what goes on with the babies' bodies after abortion. HB2069 passed the House with a bipartisan veto-proof majority of 120 votes...By not addressing what is going on inside Planned Parenthood, the Missouri legislature hinders the efforts to end abortion in Missouri. Allowing the possible sale of aborted human embryos to continue creates an incentive to legalized abortion. The ability to purchase aborted embryos for research without restrictions will drive the market for the destruction of unborn children. It's already well established that researchers want to perform life-destroying research on unimplanted IVF embryos.

OUTREACH

The Aluminum Can Program is alive and well! But our tonnage is way down from last years total. We raised about \$155. This year so far we have raised only \$101, down 1/3. I know we are better than this. It cost us nothing and it helps people among us who are in dire need of a helping hand. PLEASE!

Bring cans to the walk out in the lower level of the Parish Hall, crushed please.

STEWARDSHIP AWARENESS

"If anyone wishes to come after me, he must deny himself and take up his cross daily and follow me."

Luke 9:23

We are not very good at "denying ourselves" in our society. Our current economic situation is evidence of what happens when people think they can have everything they want. Jesus calls us to set our own personal "wants" aside so that we have the resources to follow Him instead.
