

## *Looking for Volunteers!!*

*We are evaluating the sanctuary sound and would like your help!*

In order to responsibly correct the issues we are having with the sound, we need to have consistent input from YOU, the parishioners. Below you will find a small survey sheet that asks you to record your observations of any sound issues you recognize. Feel free to drop this in the offertory basket or the basket on the bulletin table.

*If possible, please try and sit close to the same location each time.*
