**Perhaps no other encyclical** in the history of the Church has received so much ridicule and caused such controversy as *Humanae Vitae*. Even today, 50 years later, it still evokes heated discussions and debates, often from people (including some priests) who have never read the document. Yet when encouraged to read the encyclical, one quickly learns of its profound teaching and defense of God's divine plan for human sexuality, marriage, family and life. The Church, in this encyclical, is preaching Good News and is pro-love and pro-life.

**The Eucharist is: Jesus truly present—Body, Blood, Soul, and Divinity!**  
 At the moment of Consecration, during the Mass, the “gifts” of bread and wine are transformed (transubstantiated) into the actual Body and Blood of Christ, at the Alter. This means that they are not only spiritually transformed, but rather are actually (substantially) transformed into the Body and Blood of Christ. The elements retain the appearance of bread and wine, but are indeed are the actual Body and Blood of Christ. This is what is meant by Real Presence: the actual, physical presence of Jesus in the Eucharist.

**Dear young people...**  
 You can improve the world and leave an imprint that makes a mark on history—your history and that of many others. The Church and society need you. With your plans and with your courage, with your dreams and ideals, walls of stagnation fall and roads open up that lead us to a better, fairer, less cruel and more humane world.
