

UPDATE on the Playground

Through the amazing generosity of our Prince of Peace School family (and Father Adam’s amazing speech), we were able to raise nearly \$15,000 at Pizzazz for our playground! That makes our total nearly \$20,000 to date! This is a great start, and is enough to begin the work and start the community build this fall...but not quite enough to reach our ultimate goal of \$45,000.

As a reminder, the \$45,000 would provide us enough funds to get all of the kids off of the blacktop and into the wonderful fenced-in, grassy area for recess. This area is currently used for the Pre-K through 2nd graders. The \$45,000 will expand the current area and add equipment that is appropriate for all of our kids, Pre-K through 8th grade. The expansion would include an expansion of our current playground, a swing set, a fitness structure, a Jax Web, a Reflex, a Jax Pack 2, a Bongo Perch, and a Ten Spin. If we can raise an additional \$20,000 (stretch goal) we can also include an Outdoor Classroom with 5 portable picnic tables and a shade structure plus a Gaga Pit!

If you or someone you know would like to donate to this great cause, there is a link on the parish website to do so. Please ensure that the donation is designated to the playground. If you have contributed at Pizzazz, many employers have donation matches available. Your donation at Pizzazz to the playground was a straight donation to the school with no tangible items exchanged, so they will often match your donation. If you are aware of any local businesses or companies that may be interested in donating time or money to the playground build, please let me know.

This is a great opportunity to leave a lasting legacy for our kids and all of the kids who will come through Prince of Peace in the future!

If you are interested in helping coordinate the playground build, or need further donation information, please feel free to contact me at jenmeek26@gmail.com or 262-515-2080

Thank you and may God Bless you and your family!
