*Before the mountains were born, the earth  
and the world brought forth, from eternity  
to eternity you are God. Psalm 90:2*

September 16, 2012

Twenty-fourth Sunday in Ordinary Time

*If a brother or sister has nothing to wear and has no food for the day, and one of you says to them, "Go in peace, keep warm, and eat well," but you do not give them the necessities of the body, what good is it? So also faith of itself, if it does not have works, is dead.*

James 2:15-17

## FINANCIAL STATEMENT DISCUSSION AND ANALYSIS

**FISCAL YEAR RESULTS:** Using limited historic information, the Finance Council of St. Joseph Parish formulated the budget to limit expenses to the estimated collectable income. The financial results for the fiscal year ended June 30, 2012 exceeded budget by over \$27,000, including \$17,000 of income dedicated to restricted purposes. Almost \$13,000 of the excess resulted from lower snow removal expense compared to the prior year. Due to its location in the high Sierras, the Parish is vulnerable to large variations in this cost center and to heating costs. The rest of the excess resulted from minimizing clergy and administrative costs as well as increased donations.

**CASH INFLOWS:** Total cash inflows amounted to approximately \$274,000. Offertory income amounted to \$180,000, an increase of \$7,000 over the prior year. Donations outside of Masses amounted to \$64,000. The Parish is especially grateful to the out-of-town worshipers who have been consistently sacrificing on behalf of the Parish.

The Den of Piety, the St. Joseph Church's former religious store, was closed at the beginning of this fiscal year and all inventories were sold. The effect of the shutdown is not significant to the overall Parish operations. Sales in the prior fiscal year were approximately \$8,000. No cost of sales numbers could be determined for that year. The space formerly occupied by the store is being used primarily for religious education classes and other catechetical purposes.

**CASH OUTFLOWS:** Total cash outflows were approximately \$247,000. Ordinary expenses of running the facilities and providing for spiritual needs were \$191,000 and capital outlays amounted to \$55,000.

Clergy costs for the year were \$21,000 lower than the prior year. The Parish priest operated without an assistant throughout this fiscal year. A Jesuit Brother served as an assistant through seven months of the prior year.

Costs to maintain the facilities continue to be the largest ordinary expenses. In addition to utilities and snow removal, the Parish implemented long overdue repairs of approximately \$27,000 and replaced or improved facilities and grounds in the amount of \$51,000.

**CASH BALANCES:** Cash restricted to the Parish Center Fund approximates \$1.85 million at June 30, 2012 and is invested primarily in the Diocese's short term fund. It increased during the year by income from investments as well as donations. Some progress has been made towards planning a Center at the St. Joseph location, using a simpler plan than projected in the past. Currently, the ongoing costs of such a center are being studied to determine how much the existence of the Center would add to the annual budget.

Throughout the year, cash is received by the Parish for specific purposes. Such cash is restricted and not released until the specific project is accomplished.

Unrestricted cash at June 30, 2012 approximates the same level as at June 30, 2011. The Diocese recommends that all parishes determine their average daily expenses and keep unrestricted cash on hand equal to approximately 60 days of expenses. This is particularly important to St. Joseph Parish as there are months when there are very few visitors to supplement the donations from this small parish. Unfortunately, the Parish' unrestricted cash at June 30, 2012 amounts to an equivalent of approximately 48 days of expenses, 12 days short of the target. There are no capital reserves available.
