

The Ministry of Stewardship and Justice

The Ministry of Stewardship and Justice committee assists in coordinating the practices and activities related to serving people in need, making justice a lived value in the parish. The committee may collaborate with other service committees in the cluster, to make a greater impact and maximize its human and financial resources.

This service area often has subcommittees related to specific social justice issues, and stewardship. For instance, having a subcommittee for mission work to help the parish be more “mission consciousness” assists the parish in thinking more globally as it practices stewardship.

Another subcommittee is the one that deals with stewardship. This subcommittee supports stewardship as a way of life and takes the initiative to ensure formation in a comprehensive understanding of and action toward living out the principles of good stewardship for all parishioners.

Specific ministries, which come under the umbrella of Stewardship and Justice, are:

[St. Vincent de Paul Society](#)

Stewardship Committee

Pro-Life Society (Right to Life)

Knights of Columbus
