St. Martha Catholic School

New Family Referral Program 2019-2020

The Fine Print

Many of our SMCS families initially hear about St. Martha Catholic School through a personal referral from a current school family like yours! This is a very valuable way to bring new families to SMCS because they respect and value the opinions and testimonies from trusted friends who have experienced firsthand the positive impact of the school's spiritual, academic, and extracurricular programs on their child(ren). When you refer a new family, and one or more children enroll and attend SMCS in the 2019-2020 school year, you will receive a one-time \$500 tuition credit* as our thank you for your trust and confidence in SMCS!

***Program eligibility requirements and restrictions:**

- ◆ This referral program is open to all parents of PreK-Grade 8 students enrolled in St. Martha Catholic School. A tuition discount will be credited to families for every eligible referred new family who enrolls.
- ◆ The referral program tuition discount offer applies only to referrals on new family applicants who have not previously toured, submitted an application to, or enrolled any children in SMCS.
- ◆ To qualify, referrals must be acknowledged during the initial contact with the school and on the online application form(s). The new family must also complete the New Family Referral Program form and submit it to the SMCS registrar upon the acceptance to and enrollment of their child(ren) in SMCS.
- ◆ The tuition credit is contingent upon the child(ren) of the new family enrolling and attending St. Martha for the 2019-2020 school year. The tuition discount will be applied to the account of the oldest child of eligible referring families after the newly enrolled family completes four (4) months at SMCS. Each eligible family must have a student enrolled and be in good financial standing in order for the tuition credit to be issued.
- ◆ The SMCS New Student Referral Program is subject to review and modification.
- ◆ Interpretation of the program and tuition credit eligibility will be at the discretion of the principal.
