

EDP and After School Activities

8/7/19

With after school activities here again, I wanted to remind everyone how EDP and the activities work together. Hopefully, this will help you make the best scheduling decision for your family. If your child is on the schedule to go to EDP *and* an after school activity they report to EDP at dismissal, leave their belongings there, change their clothes (if applicable) and go to the activity when it is time. After the activity is over, they report back to EDP for pick up. If there are any interruptions in the activity, the EDP staff is responsible for your child. You pay for EDP based upon the time you pick them up.

If you do not want to incur an EDP charge on an activity day, please do not schedule your child on those days *and* be sure to pick your child up directly from the activity. If a child is left waiting, they will be sent to EDP until someone arrives and a fee will be charged.

If anyone has any questions or concerns about this, please contact Diane Laskowski at laskowski@stbenedictnj.org.
