

PreK 3 News: Week of October 9th

This Week's Highlights

We hope everyone enjoyed the long Columbus Day weekend. The students began moving their picture from home to school in the morning. Also, they began to use their picture to choose a center that is available. This will help them to take turns and make choices. We will continue to supervise and assist the children with this new procedure. We will talk to the children about people that are in our school community such as classroom teachers, special arts teachers and their friends!

Reminders and Upcoming Events

There will be no school on Thursday, October 19th due to a teacher's conference. There will be an early dismissal on Friday, October 20th due to a teacher's meeting. Please make sure to send in a wallet size photo of your child if you have not already done so. We are using the photos for a name recognition activity and several children still do not have photos. If you would like to send in a family photo, we can tape it in your child's cubby. (This may be comforting for them). Please return sheets on Monday to be used for rest time. Also, please make sure all items are labeled

with your child's name including sweatshirts & jackets.

Centers

- Science- The children will continue to explore the science area and will discuss how they can share.
- Art- The children will create faces on balloons & fill with rice for sensory toy.
- Library- The children will be listening to stories about friendship.
- Blocks- The children will be encouraged to build a school with a friend.
- Math- The children will be counting bear friends in a group in the math area.
- Dramatic Play- The children will explore and play with the kitchen and dolls.

If you did not sign up for the Remind App please do so. To join enter this number on your phone 81010 and text this message @ff94f9
