Our Lady of Perpetual Help Catholic School builds character and shapes tomorrow's leaders by delivering academic excellence in a Catholic faith-based community.

One of my friends asked "Why do you pay so much money for your kids to do all of their sports?" Well I have a confession to make; I don't pay for my kids to do sports. Personally, I couldn't care less about what sport they do.

So, if I am not paying for sports what am I paying for?

- ✓ I pay for those moments when my kids become so tired they want to quit but don't.
- ✓ I pay for those days when my kids come home from school and are "too tired" to go to their training but they go anyway.
- ✓ I pay for my kids to learn to be disciplined, focused and dedicated.
- ✓ I pay for my kids to learn to take care of their body and equipment.
- ✓ I pay for my kids to learn to work with others and to be good team mates, gracious in defeat and humble in success.
- ✓ I pay for my kids to learn to deal with disappointment and overcome adversity.
- ✓ I pay for my kids to set goals and work hard to achieve them.
- ✓ I pay for my kids to respect, not only themselves, but other athletes, officials and coaches.
- ✓ I pay for my kids to learn that it takes hours and hours of hard work and practice to create a champion and that success does not happen overnight.
- ✓ I pay for my kids to be proud of small achievements and to work towards long term goals.
- ✓ I pay for the opportunity my kids have and will have to make life-long friendships, create lifelong memories, and to be as proud of their achievements as I am.
- ✓ I pay so that my kids can be out on the field or in the gym instead of in front of a screen...

...I could go on but, to be short, I don't pay for sports; I pay for the opportunities that sports provide my kids to develop attributes that will serve them well throughout their lives and the opportunity to bless the lives of others. From what I have seen so far I think it is a great investment!

SCHOOL SPORTS PHILOSOPHY

The middle school sports program is provided to help foster spiritual, moral, intellectual, social and physical development in our students by offering a competitive team sports environment. Our sports policy strives to balance the drive to win and succeed in athletic competition with the Christian principles that are the foundation of our educational program.

We encourage all students to consider participation in our athletic programs as opportunities arise throughout the year.

The OLPH Athletic program provides a variety of experiences that enhance the development of favorable habits and attitudes that will prepare students for adult life. The interscholastic athletic program shall be conducted in accordance with existing Archdiocesan Interscholastic Athletic League (AIAL) and OLPH policies, rules and regulations.

While OLPH takes great pride in winning, it does not condone “winning at any cost.” It discourages any and all pressures which might lead to neglecting good sportsmanship and good mental health. At all times, the athletic program must be conducted as an educational activity of learning.

The goal of the OLPH Athletic Program is to assist students in the development of Christian character through their participation in sports.

Parents and players are obligated to acknowledge the fact that “Our Lady of Perpetual Help Catholic School athletic programs are competitive.”

PERFORMANCE AND PLAYING TIME

The OLPH Catholic School Athletic Program is a competitive program. The coaches of each sport have full discretion when determining playing time and control of continued membership on a particular team.

The student-athlete will learn:

- To work with others. A person must develop self-discipline, respect for authority, and the spirit of hard work and sacrifice. The team and its objectives must be placed higher than personal desires.
- To be successful. Our society is very competitive. We do not always win, but we succeed when we continually strive to do so. You can learn to accept defeat only by striving to win with earnest dedication.
- To develop sportsmanship. To accept any defeat like a true sportsman, knowing we have done our best, we must learn to treat others as we would have others treat us. We need to develop desirable social traits, including emotional control, honesty, cooperation and dependability.
- To improve. Continual improvement is an essential component of good citizenship. As an athlete, you must establish a goal and you must constantly try to achieve that goal. Try to improve in the skills and knowledge required and those personal traits that enhance the success of a team.
- To enjoy athletics. It is necessary for athletes to enjoy participation, to acknowledge all of the personal rewards to be derived from athletics, and to give sufficiently of themselves in order to persevere and improve the program.
- To develop desirable personal health habits. To be an active, contributing citizen, it is important to obtain a high degree of physical fitness through exercise and good

health habits, and to develop the desire to maintain this level of physical fitness after formal competition has been completed.

SPORTS PROGRAMS

OLPH competes in the Archdiocesan Interscholastic Athletic League (AIAL). The guidelines established by the member schools govern competition in the league. The league offers competition in the following sports:

Football
Baseball
Soccer**
Track*
Basketball*
Softball
Golf
Volleyball*+
Cross Country*
Cheerleading++
Tennis

*Separate boys and girls leagues are available for these sports

** In soccer both boys and girls compete in a co-ed league

+ OLPH has not competed in boys' volleyball in several years, if interest is indicated, a team could be formed. This would be dependent upon if there are enough other schools that would be able to field a team to compete in the AIAL.

++ See cheerleading section

Competition in boys and girls sports is divided into "A" and "B" teams in the following sports: ^

Volleyball
Track
Basketball
Cross Country

The following sports only offer a single "A" team^:

Football
Baseball
Tennis
Soccer
Softball
Golf

^ AIAL regulations stipulate that 8th grade students may only participate on "A" teams.

SPORTS POLICY

The sports policy may be changed at the discretion of the school administration as needed and without notice. Please direct any inquires to the School Administration. All students must meet all eligibility requirements to participate in any school team sport. Where both "A" and "B" teams are available, the school will field teams at both levels of competition. If there are not enough players to field a team at both "A" and "B" levels, only an "A" team will be established.

- 6th, 7th and 8th grade students are eligible to try out for all sports.
- 5th grade students are allowed to participate in track, cross country, cheer, and golf.

- If there are limited eligible players in grades 6th, 7th, and 8th, the school will allow 5th Graders to participate. Coaches are not allowed to cut an older player to make room for a 5th grade student. Tryouts may be held for any sport when participation exceeds the available number of player's slots available for the sport. Tryouts will be "closed" to the parents. In the event a roster spot becomes available after the season has begun, and at the coach's discretion, a student may be asked to join the team based on the tryout evaluation. The coach, athletic director and principal must approve final rosters for all sports before being sent to the AIAL office.
- Students and parents are expected to exhibit Christian behavior and good sportsmanship at all school related functions and activities, whether on or off campus.
- The administration and game officials, at their discretion, have the authority to remove anyone displaying unsportsmanlike conduct at any school related activity, whether on or off campus.

Athletic events and practices are not the time or place to express concerns or conduct discussions of a personal nature with coaches or school personnel. Concerns should be brought to the attention of the Athletic Director within 24 hours and a response will be received within a week's time.

ATHLETIC CODE OF CONDUCT CONDUCT OF ATHLETES

A firm and fair policy of enforcement is necessary to uphold the regulations and standards of the athletic department. The community, school administrators and the coaching staff feel strongly that high standards of conduct and citizenship are essential in maintaining a sound program of athletics. The welfare of the student is our major consideration and transcends any other consideration. All athletes shall abide by a code of ethics which will earn them the honor and respect that participation and competition in the interscholastic program affords – to the athlete, the team, and the school. Acts of unacceptable conduct such as, but not limited to: theft, vandalism, disrespect, immorality or violations of law, tarnishes the reputation of everyone associated with the athletic program. Participation on an athletic team involves discipline and willingness to make sacrifices. For this reason, those who wish to participate in interscholastic sports at OLPH must always behave as ladies and gentlemen and be neat in appearance and polite in behavior.

REQUIREMENTS FOR PARTICIPATION

Physical Examination: A yearly physical examination is required. The physical exam form must be completed by the physician and submitted to the coach prior to participation in any try-out or game competition. The examination will be valid for a period of one year from the date it was first obtained. The form will be kept on file in the Athletic Department Office.

Medical Release Authorization: Each athlete's parent shall complete an emergency Medical Release Authorization form, giving permission for treatment by a physician or hospital when the parent(s) are not available. The form will be kept with each coach so that they are available at each practice and contest.

Parental Acknowledgement of Athletic Policies: Upon entering middle school and/ or are at the time a student tries out for an athletic team, he/she will be presented with necessary forms and information for participating in athletics. Each parent or guardian and athlete shall read all of the enclosed material and certify that they understand the athletic

eligibility, and rules and policies of the school. This signed document will be filed in the Athletic Department.

Scholastic Eligibility: In order to participate on an OLPH athletic team, each athlete must have satisfied all the scholastic eligibility requirements prior to participation. Furthermore, any student who is in violation of the school's disciplinary policies is not eligible to participate in interscholastic sports at OLPH. Any student whose conduct or appearance is not in compliance with the school's policy may be declared ineligible by the Administration for an indefinite period.

Academic Probation will occur at the end of each progress report/report card grading period.

Academic Eligibility

To be eligible for athletics, the middle school athlete must be in compliance with the OLPH policies concerning extra-curricular eligibility and the rules and regulations of the Archdiocese Interscholastic Athletic League (AIAL) and the Student/ Parent Handbook. Individual sports may adopt rules and regulations, with administrative approval, regarding expectations and requirements for students participating in that particular sport. These policies, once signed by the parent and student, become an extension of the student/parent handbook.

- Students must be enrolled in Our Lady of Perpetual Help Catholic School.
- Students trying out for a fall sport must be a student in good standing at the time of the team tryouts. A student must have passed all core classes for the previous full year to be eligible to try out. If they failed a core class for the previous year, they must have completed summer school at their expense and received a passing grade prior to the commencement of tryouts. In the case of electives, the student must have maintained a passing average for all elective classes for the full year. If the student does not meet the elective requirement, they must make up the failed class during the summer at their expense.
- All applicable athletic fees must be paid in full prior to the first game/competition of the season
- Athletes must be marked present in school the entire day in order to be eligible to participate in games/competition or practice later that same afternoon or evening**
- If a student misses classes on a Friday, they will be eligible to participate in Saturday or Sunday events as deemed appropriate by the sport's coach.

**The only exceptions are school sponsored or approved activities. Parents need to keep this in mind when scheduling appointments.

INELIGIBILITY

If a student becomes ineligible, due to grades, he/she may not participate in practice or games until the deficiency is removed at the next progress report or report card grading period whichever comes first. A student may not tryout for a sport if they do not meet the academic requirements for eligibility as outlined in the Eligibility section above. If a student is unable to tryout, they will be ineligible for the full season even if they rectify the grade deficiency. If a student becomes ineligible for other reasons such as misconduct, the coach and/or administration will make a determination of the consequences up to and including permanent removal from the team.

TEAM SELECTION PROCESS

The purpose of tryouts, including Captaincy, is to fairly evaluate all student athletes on their talent, sportsmanship and knowledge of the game. All in attendance will be fairly evaluated by using a rating system that will rank each athlete in several categories that pertain to each sport tryout. The date and number of days the tryout will be conducted will be determined by the published AIAL calendar, Athletic Director and School Principal.

Athletes trying out for each sport must attend all posted tryout dates. Failure to attend all tryout dates will disqualify the athlete/ student from making the final roster for that sport.

In the event a student is ill and not able to attend school or has to leave school because of an illness, the athletic department will allow the student to try out as long as they are able to attend the posted tryout dates. Failing to attend the tryout dates will disqualify them from the tryout. This applies to illnesses that fall under the current school policy that requires them to be kept home due to health department guidelines. Each medical situation will be reviewed and handled on an individual basis by the Athletic Director, School Nurse and Principal.

There are no guarantees that a student, trying out for a team, will make the squad, regardless of grade level or prior participation on a school team. In the event a student fails to demonstrate the efforts and attitude expected of a player or should the coach believe the student could not safely participate in the sport, then the student may not be placed on the team. The coach, athletic director and principal must approve final rosters for all sports before being sent to the AIAL office.

Each player will be given a number prior to tryout. **A tryout worksheet will be kept to document scores and notes during the evaluations.** This will help coaches to identify and select players in accordance with their abilities. The worksheet is solely a tool to assist the coaching staff with making final team selections. Team selection results are considered personal in nature and will only be disclosed to Our Lady of Perpetual Help School coaching staff and administration. At the end of the tryout period, those individuals who are not selected will have individual conferences in order to review individual strengths and weaknesses in order to give him/ her a proper assessment.

All students who participate in a tryout will be evaluated on their skills and given an equal opportunity to make the team. All decisions regarding a student's placement will be final. Available slots will be filled with any combination of 6th, 7th and 8th graders.

AIAL regulations stipulate that 8th grade students may only participate on "A" teams. Clarification: A 6th or 7th grade athlete can be selected over an 8th grade athlete for a roster spot.

TEAM COMMITMENT

All absences will be either excused or unexcused:

Excused absences: Illness, death in the family or a family emergency. If a student gets ill during the school day and goes home, their absence will be excused. If a student feels ill and stays in school, they should go to practice. If their illness gets worse, then the coach can excuse them to go home.

Unexcused absences: When a student/athlete gets an unexcused absence from practice, they will become ineligible for one game. In addition, players will be required to attend the competition, dressed and must sit on the team bench as teammates normally do. When a student gets a second unexcused absence from practice, parents will be notified by phone that one more unexcused absence from practice will result in that student’s removal from the program. As a result, the player will again be required to miss one game with the same conditions as stated above. When a student gets an unexcused absence from a contest (misses a game), they will be immediately removed from the program and parents will be notified by phone.

Tardiness will also be either excused or unexcused. The coach will have the authority to decide whether a tardy is excused or not. As a reinforcement measure, please make time to discuss these guidelines with your daughter or son. Players are expected to be on time to classes, practices, and meetings. Tardiness will not be tolerated. Corrective action will be taken by the coach. An ensuing tardy will result in the same consequence as an unexcused missed practice.

Quitting a Sport - The Athletic Department believes that a student has made a serious commitment to the school, team and coach. His or her quitting has disrupted team unity and deprived another student of participating. Any student, who remains on a team, and after minor disciplinary action, continues to demonstrate poor team morale can be dismissed by the coach with the approval of the Athletic Director and be subject to the same suspension. When an athlete quits the team to which he/ she have been selected, he/she

forfeits trying out or participating in another sport that season until the completion of the previous sport.

Disciplinary Procedures - Disciplinary infractions of school rules while in attendance at, or while being transferred to or from, an athletic event come under the jurisdiction of the regular school disciplinary procedures. The head coach must inform the Principal and the Athletic Director of such infractions. The head coach may add to the punishment from the school but cannot bypass ordinary procedures.

Since discipline is a vital ingredient to a team's success, athletes can be disciplined for the following infractions:

- Unexcused absence from practice or game
- Failure to attend team meetings
- Being tardy to a practice
- Lack of sportsmanship
- Failure to contribute your best effort
- School disciplinary reasons for missing practice are not excused
- Breaking training rules

Sanctioned disciplinary procedures include:

- Suspension or expulsion from the team (only instituted with permission from the Head Coach of the sport and Athletic Director).
- Benching (sitting out of practice or game as designated by coach).
- Extra physical activity (i.e. push-ups).

NOTE: An OLPH athlete who leaves the bench area to join in an altercation during a contest will be suspended from the team and subject to dismissal from the Athletic Program and the school, if after an investigation it is found that the student participated in such.

Another setback can occur with untimely injuries to players. Some of these injuries occur because of non-school team sports participation during the season. (Club, tournaments, etc).

While players are encouraged to participate in club sports, parents and players must understand that school athletics will take precedence over club athletics. Similarly, if there is a conflict with another school sport, it is recommended that the parents and player decide which school sport is a priority.

It is the parents' sole responsibility to pick up their children after team practices are finished for the day. If a practice concludes at 5:00 pm their child will be dropped off at the school's After School Care Program after 5:15 pm. Parents will need to pay the costs of this care program. Parents are asked to be considerate and arrive on time in order to pick up their children after practices. This way coaches who conduct practices that finish after 6:00 pm will not have to sit with children until parents arrive. Please know that most of our coaches are volunteers or have other jobs and many need to go to work after their practices conclude.

- All team members are expected to attend all practices and performances. Tardiness and/or lack of attendance may result in the removal of the cheerleader from one or more of the upcoming performances. This is not to be cruel; it is only fair to other team members who are consistently at practice.
- A cheerleader may not attend practice or a performance if they missed school due to anything other than an approved campus activity.
- Cheerleaders are considered tardy 15 minutes after practice starts or 15 minutes after stated performance arrival times.
