Principal and Assistant Principal's Corner

Dear OLPH Families,

The year 2019 marks the 119th year of educating children in the Catholic tradition here at Our Lady of Perpetual Help Catholic School and Child Development Center. It's with great pride that we join the nation in this year's celebration of Catholic Schools Week!

This year's theme is, 'Catholic Schools: Learn. Serve. Lead. Succeed.' It encompasses the core

"Our Lady of Perpetual Help Catholic School builds character and shapes tomorrow's leaders by delivering academic excellence in a Catholic faith based community."

products and values that can be found in Catholic schools across the country. We as educators are growing with the students, as we are all learners, servants and leaders. These shared qualities are what make Catholic schools work and what make Catholic schools succeed.

We kicked off the week with our pulpit talks given by OLPH families at all Masses. We then had a wonderful 12:00 Noon Mass with the choir of 45 students, opened the doors to all for our Open House and viewing of the Science Fair projects, started the Book Fair, and had campus tours were led by our Beta students.

Today's Gospel from Luke, tells of Jesus reading from the scrolls and from the prophet Isaiah. Although Israel expected one to come to lead them here on earth, Jesus -- God's word made flesh -- approaches his mission with "a much different message of humility, reconciliation, compassion and forgiveness."

We look forward to celebrating special days for our community, volunteers, teachers and students.

Thank you to all the families that attended the PTC General Meeting last week. The CDC had a great turn out and Mrs. East won a prize for most families in attendance!

We're Busy in Fourth Grade

Did you know that Shakespeare coined over 200 phrases, including the one used in Alice in Wonderland, "Off with your head." This year OLPH fourth graders participated in the pilot program titled QWILL, a program designed in literacy development in Reading, Writing, and Oral Communication, as well as integration with the Arts (music, art, drama, and dance). After reading the story "A Midsummer Night's Dream for Kids," by Lois Burdette, students attended the San Antonio Symphony production of Shakespeare's Midsummer Night's Dream at the Tobin Center. The concert featured narration taken from the children's book and the San Antonio Children's Ballet accompanied the symphony. Although Shakespeare lived over 400 years ago people of all

Fourth grade students also had the rare opportunity to participate in another fun activity sponsored by the San Antonio Express New. Students jumped aboard a bus called "Texas History in Motion," where they viewed many exhibits about Texas history. The exhibit gave students a close look at interesting facts about Texas History including the Davey Crockett Coon-skin cap.

Culver's, to me, is the best place where you can eat frozen custard, the best buttered burgers, and the delicious malts. A lot of people that I have asked if they would know Culver's they would say, what? When everyone reads this article, then they will know what Culver's is.

Culver's was originally started in Sauk City, Wisconsin. There is also one located here in Texas. Just in case, the address is 5836 De Zavala Rd, San Antonio 78249. When I first went there my brother had taken me and my mom, and I had never eaten a cheeseburger in my life, I tried their cheeseburger and I fell in love with it. My brother ordered my mom and me a malt. I never tried a malt. When I tasted it, it felt so thick and creamy. I almost felt cookie crumbs in the malt.

Culver's is the best place where you can get your Butter Burger and any frozen custard and just enjoy it!

Editor's note: Isabella is absolutely right! Try it!
