

Does Science Oppose Faith? (Or Faith Oppose Science?)

Speaker: Gary D. Knight, PhD (Biophysics; Physics)

- Why are people ready to believe in science and not in God?
- Does the logic of 'evidence' apply in both faith and science?
- Do scientific methods exclude faith perspectives?
- Seeking the fingerprint of God in fundamental sciences, including modern cosmology.

Wednesday, September 25, 7:00pm, St. Patrick Basilica Scavi

Join us and put on the Armour of God

We seem to live in an age of never-ending violent news stories that challenge our Catholic faith. We also encounter political polarization, not moral leadership. Have you ever wondered how our faith should affect current events? Join our Armour of God discussion group. We will examine what influential Catholic writers, academics, theologians, public figures and saints have to say about living out our Catholic faith.
