# Computer and Small Electronic Community Recycling Day

Saturday, April 13, 2019  
10:00 A.M. - 2:00 P.M.  
St. Joan of Arc School

*Have an old computer or other electronic that is unused and in your way?*  
St. Joan of Arc School wants you to collect those old electronics and help our school!

We are asking for **\$5.00 donation per vehicle.**

ALL proceeds will be collected by and given to our school benefiting our Energy Saving Projects. St. Joan of Arc School has an inexpensive opportunity to safely and properly dispose of computers and small electronics. Old Village Computer Recyclers, a Michigan firm works with many other schools and non-profits. They will collect our product at no charge! They also guarantee that no component will end up in a landfill.

Electronics contain many hazardous materials that can contaminate groundwater if placed in landfills. They also consist of valuable resources, such as precious metals, copper, and engineered plastics, all of which require considerable energy to process and manufacture. Recycling electronics recovers valuable materials, rather than manufacturing them, conserves natural resources, and results in lower environmental emissions (including greenhouse gases). Do Your Part! All hard drives collected at this event will be destroyed, N.C.!
