

CHESS AT THREE

THE AUTHORITY IN EARLY CHILDHOOD CHESS™

ABOUT THE PROGRAM

Chess at Three is the only chess program in the world that teaches children as young as three how to play and, more importantly, fall in love with chess. Chess at Three currently teaches over 14,000 children per week in 28 states across the country. We are able to teach children at the astonishing age of two because our approach is so unique. Classes and lessons are based around the patented Chess at Three curriculum, utilizing interactive stories that star a fun cast of characters. Through these stories, children progressively learn to play and develop a love for chess.

Our Certified and Trained Storytellers (tutors) will provide all the materials necessary for your child to participate in the class and no additional purchase is required to attend. We also offer chess tournaments for children in our program to put their new chess knowledge to the test.

 Chess at Three has our two children playing and loving chess! We're proud to have it in our home and think every child should be learning Chess at Three.

Hugh & Deb Jackman | Actor & Parents of two

**Set your child up for success.
Let us teach them to love chess.**
