

Celebrating Over 100 Years of Academic Excellence

KidsChoice After School Programming

That's right. You heard it here first... We'd like to introduce to you our NEWLY implemented KidsChoice After School programming, a division of our regular After School program here at St. John's! Your children now have a choice to partake in special after school programs designed for all ages during the regularly scheduled after school program.

No additional afterschool monthly fees will apply! ONLY and ONE TIME registration fee for special programming is required by cash, check, or money order! You must be currently enrolled in the regular afterschool program to register.

Programming will begin October 1st. Sign up now if you are interested. Registration forms and Payment are due back by SEPTEMBER 20th.

Here is what we have to offer! Check it out!

STEM LAB FUN!!! (Grades 5-8th)

Your child will have the opportunity to perform some really cool projects and experiments related to the Science, Technology, Engineering, and Mathematics Fields of Study.

Students will perform experiments and complete fun projects in the fields of Science, Technology, Engineering, and Mathematics.

Two days a week. Time and days will be announced.
The ONE TIME registration fee for this program will be \$100.00 per child.

Read A Recipe for Literacy Program

The Flavor of Community. The Joy of Communication.

Our Mission (From their website: <http://readarecipeforliteracy.org>)

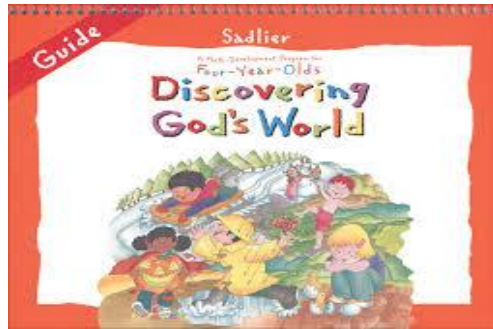

RRL works to strengthen the community by empowering its members with better communication skills. And we do that in a way that may surprise you.

We use recipes – literal and figurative ones – to build literacy. “Our recipes” are created with the help of our local partners. Because of their hands on involvement, the children learn about their local environment and also build healthier lifestyles. Our programs take place in Florida and New York and are expanding internationally, beginning in Italy.

The program will operate 2 days a week (M & W) from 3:00 pm-4:00 pm.

The ONE TIME registration fee for this program will be \$50.00 per child.

Getting to Know God (PRE K ONLY)

Your 4 year old will now have the unique opportunity to learn about God and the World He created with the utilization of the Discovering God's World program for Four-Year-Olds from Sadlier.

They will learn how to pray, learn who God is, they will learn about the teachings of Jesus Christ, and about Mary the Mother to us all through this series designed just for them! For over 14 years I taught young people (3&4 yr. olds) about God in a Catholic School setting using this program and this is the perfect time to get them started and expose them to the teachings of the Roman Catholic faith.

This is especially true if you intend to have them continue their education in Catholic Schools for years to come. The Sadlier Publishing Company is a company that we use here at St. John's for teaching Religion in ALL grade levels.

At the end of the program, the children will have an opportunity to go on a small field trip to our local parish, St. John-Visitation Parish, to explore and discover the many wonders of our Catholic Church. The program will run from October through May. The program will operate 1 day a week from 3pm-4pm.

The ONE TIME registration fee for this program is \$40.00 per child.

Imagination Creation with ARTS & CRAFTS (Grades PRE K-8th)

Let their fingers get dirty! Let their minds get CREATIVE! Let their IMAGINATION soar! Your child will have the chance to showcase their artistic talents and learn about different genres and media of art in our Imagination Creation program.

The program will end off with an ULTIMATE IMAGINATION CREATION project that will be showcased during the end of the school year's Awards Assembly in June!

The program will run from October through May. The program will operate 2 days a week (TU & TH) from 3:00 pm - 4:30 pm.

The ONE TIME registration fee for this program is \$50.00 per child.
