Blast off for an evening with “The Pope’s astronomer” and popular author, **Brother Guy Consolmagno, S.J.**, an American Jesuit and Director of the Vatican’s observatory (co-author of *Would you Baptize an Extraterrestrial?*), as he takes us on a tour through the cosmos and some of his favorite (and not-so-favorite) science fiction stories and movies, exploring the spiritual themes they contain. Joining him for this conversation about faith, science and imagination is **Dr. Charles Camosy** of Fordham University. This is sure to be an out of this world event!
