## GREEN

*I seek knowledge and understanding*

**Analytical, Global, Conceptual**

*I live life by my own standards*

**Cool, Calm, Collected**

*I need explanations and answers*

**Inventive, Logical, Perfectionist**

*I value intelligence, insight, fairness, and justice*

**Abstract, Hypothetical, Investigative**

*I am a natural non-conformist, a visionary, a problem solver*

**AT WORK:** I am conceptual and an independent thinker. For me, work is play. I am drawn to constant challenge in careers, and like to develop models, explore ideas, or build systems to satisfy my need to deal with the innovative. Once I have perfected an idea, I prefer to move on, leaving the project to be maintained and supported by others.

**IN LOVE:** I prefer to let my head rule my heart. I dislike repetition, so it is difficult for me to continuously express my feelings. I believe that once feelings are stated, they are obvious to a partner. I am uneasy when my emotions control me; I want to establish a relationship, leave it to maintain itself, and turn my energies back to my career.

**IN CHILDHOOD:** I appear older than my years and focused on my greatest interests, achieving in subjects that were mentally stimulating. I was impatient with drill and routine, questioned authority, and found it necessary to respect teachers before I could learn from them.

Curious

Your Strength is Knowledge

I value knowledge and new ideas. Discovering solutions and using my brain are more important than feelings, rules, and non-stop excitement. I like to know how and why things work in a certain way. I prefer to work on my own and I also need room to think so I can come up with new ideas and the right answers.

As a GREEN, I am curious, investigating, and form my own ideas. I like to look at the big picture. I am cool, calm, and collected. I like to be smart and enjoy activities that require problem solving. I value fairness, insight, intelligence, and justice. I like to set my own standards, and I enjoy seeking fundamental truths.
