

BYOD - Student Code of Conduct

❖ **Accountability**

- Students are encouraged but not required to bring their device to school every day
- Your device should be fully charged every day
- All devices should be labeled with the student's name
- Each student will need to bring in and only use their own headphones/ear buds
- Devices are to be used only at designated times per teacher direction
- Make arrangements with your homeroom teacher for connection to school WiFi

❖ **Respect**

- Do not touch another student's device unless that student expressly gives you permission to do so
- Devices are not to be used to record, transmit, or post photographic images or video of any person unless otherwise allowed by the teacher
- Devices in the school are not to be used for non-instructional purposes such as personal e-mail, texting, gaming or the use of any social media accounts

❖ **Acceptable Use**

- Students in 5th, 6th, 7th, and 8th grade are permitted to bring any of the following wireless, Internet capable devices to school as directed by their teachers: tablets, netbooks, iPads, laptops
- Students are expected to follow the Acceptable Use Policy as with all school technology equipment
- Students are expected to adhere to the BYOD Student Code of Conduct

❖ **Responsibility**

- Students assume responsibility for their own devices. The school is not responsible for loss or damage of any personal device.
- Students and their families assume responsibility for the technical support and maintenance of personally owned devices including repair costs

❖ **Incentives vs. Consequences**

God has blessed each and every one of us with the gift of free will. With regard to the student BYOD program, the choices that you make will determine your personal success or difficulty throughout the school year. Poor choices will result in the termination of your BYOD privileges while good choices will lead to a successful year for all.
