

Intercessory Prayer

Adoration and prayer are extremely important in the lives of our Sisters. Our elderly sisters around the world embrace their life of prayer willingly as a vital part of their ministries. The Liturgy of the Hours, the Rosary, the Eucharist, daily prayer with the Word of God, and Eucharistic adoration are prayed by them for the needs of the world. Many people confide their concerns and the concerns of their loved ones to the sisters who happily bring them to our God in prayer. Each sister in our infirmaries is a willing intercessor for our congregation, the Church and the world.
