Dear Sisters and Brothers in the Lord:

One need only look at the summary page for “Fruitful Harvest 2016” on page ten of the 27 May 2018 edition of “The Catholic Moment” to realize that we are lagging behind most of our sister parishes in the diocese in meeting our commitment for 90% of the proposed goal for each parish.

Currently Saint Ambrose is at 86.8% of their goal payments; while St. Mary is at 71.3%. I realize that St. Mary faces the additional costs of the restoration work that is taking place; however, St. Ambrose has equally been faced with the cost for installation of an external wheelchair ramp and outside passage doors, as well as removal of old trees and bushes around the church building. The age of both complexes is beginning to catch-up to us and there is little that can be done to escape additional costs for maintenance and repair work; especially since both sites are being used regularly.

What can be done? How do we convince the majority of our parishioners that we are striving to be genuine stewards of the financial gifts entrusted to our care while still providing adequate, up-to-date facilities that enable us to meet the needs of our children and all

others for whom we are responsible?

The Phase One external repairs at Saint Mary are nearing completion. We have had to make a change-order within the original contract in order to address all the crosses on the church building. In addition, the decision has been made to protect the annex building by making certain that the eaves and soffits are properly clad in quality grade aluminum to reduce maintenance expenses for the future. That has resulted in an additional Twenty-six Thousand Dollars of work. We are still looking to complete the restoration of the “leprosy” column and then talk about the Phase Two work required on the bell tower.

The point of all of this is that we still need financial commitments to meet our present expenses and to plan for future up-keeps. As my childhood pastor, Monsignor Dierker, told the congregation in Youngstown, Ohio: the good news is we have the money to accomplish this; the bad news is, it’s in your pockets! Help us as best you are able to keep our parishes the glorious worship places they are.

Peace be with you, Monsignor

DESDE EL PASTOR

Queridas Hermanas y Hermanos en el Señor:

Basta con mirar la página de resumen de "Fruitful Harvest 2016" en la página 10 de la edición del 27 de mayo de 2018 de "The Catholic Moment" para darse cuenta de que nos estamos quedando atrás de la mayoría de nuestras parroquias hermanas en la diócesis en cumplir nuestro compromiso de 90 % de la meta propuesta para cada parroquia.

Actualmente Saint Ambrose está en el 86.8% de sus pagos de objetivos; mientras que St. Mary está en el 71.3%. Me doy cuenta de que St. Mary enfrenta los costos adicionales del trabajo de restauración que está teniendo lugar; Sin embargo, St. Ambrose también se ha enfrentado al costo de la instalación de una rampa externa para sillas de ruedas y de las puertas de paso externas, así como a la eliminación de viejos árboles y arbustos alrededor del edificio de la iglesia. La edad de ambos complejos está comenzando a ponerse al día para nosotros y es poco lo que se puede hacer para evitar los costos adicionales de mantenimiento y reparación; especialmente porque ambos sitios se usan regularmente.

¿Qué se puede hacer? ¿Cómo convencemos a la mayoría de nuestros feligreses de que nos estamos esforzando por ser custodios genuinos de los regalos financieros confiados a nuestro cuidado al tiempo que proporcionamos instalaciones adecuadas y actualizadas que nos permitan satisfacer las necesidades de nuestros hijos y todos los demás para ¿De quién somos responsables?

Las reparaciones externas de la Fase Uno en Santa Maria están a punto de completarse. Hemos tenido que hacer un cambio de orden dentro del contrato original para poder abordar todas las cruces en el edificio de la iglesia. Además, se tomó la decisión de proteger el edificio anexo asegurándose de que los aleros y sofitos estén debidamente revestidos en aluminio de calidad para reducir los gastos de mantenimiento para el futuro. Eso ha resultado en un adicional de Veintiséis Mil Dólares de trabajo. Todavía estamos buscando completar la restauración de la columna "lepra" y luego hablar sobre el trabajo de la Fase Dos requerido en el campanario.

El objetivo de todo esto es que todavía necesitamos compromisos financieros para cubrir nuestros gastos actuales y planificar futuros aumentos.

Como dijo mi pastor de infancia, Monseñor Dierker, a la congregación en Youngstown, Ohio: la buena noticia es que tenemos el dinero para lograr esto; la mala noticia es que ¡son tus bolsillos! Ayúdenos lo mejor que pueda para mantener nuestras parroquias en los gloriosos lugares de adoración que son.

La paz sea contigo, Monseñor
