

Let me introduce myself,

Hello, my name is Mr. Lee Bercegeay. I am succeeding Mrs. Miller as the art teacher for St. Edwards.

I have been an artist most of my life and in addition to my Bachelors of Education, I have a commercial art degree as well. I have a wide range of experience with a multitude of media. I grew up in the neighborhood and attended St. Edwards in the late 70's. I am excited to return to my roots and look forward to applying my skills and talents to facilitate an appreciation of artistic expression in your children as well as help them hone their own skills - And, of course, to have FUN doing so!

For now, to make the transition as smooth as possible for everyone including myself, I intend to mirror Mrs. Miller's program as much as possible this first year. After that, I will begin to make my own mark with some new ideas that I will steadily infuse into the program over time.

I appreciate your patience as I acclimate to my new surroundings. Rest assured, I **will** do so as I strive to build a fun, effective, program for all.

Sincerely,

Mr. Lee Bercegeay
