A note from the teacher

****Happy Fall****

I hope you all have enjoyed this cold weather so far! It finally feels like Fall and I could not be more excited. With the change in season also comes some changes in the classroom. More about this is attached on a separate "Letter from the Teacher". Please note that all changes being made are to ensure the continued success and further learning of your children. I believe that it is important that we reflect on the things that are working or not working and the goals that we have in order to make changes for the better. As I get to know your children more and more, I have a better understanding of what they need and the types of systems need to be in place in order to best serve them. Please see the attached letter to learn more about the changes being made.

THANKS!

Mr. LeBlanc
