Principal
Appreciation Day

Test Dates

11/9 Reading
Comprehension
and Skill Test
| Spelling Test

11/16 Science
Quiz

Saints and Service

Last week, 3rd grade worked with their buddy class – 7th grade – to learn about Saints and Service. The 7th graders talked to them about Saints they wrote about in their class and then all students worked on making crosses and pictures to represent these Saints and Service organizations they had learned about.

Reminders!

2nd Quarter Projects

I am currently finalizing two projects for the 2nd quarter. Information on the first will be sent out next week. The second will be a little later in the quarter.

Bazaar Basket

The 3rd Grade Class is contributing items to go into a Boy's Basket for the Harvest Bazaar. Please bring items that can be included in the basket for the auction.

Green Recycling Project

If you have any old electronics sitting around, HRS will be collecting them as part of a recycling project. On Monday, November 12th, you may drop these off in a cardboard box or reusable bag during morning drop off or from 3:00 – 4:00.

Online Resources:

Freckle

Freckle is a Differentiated Learning Platform. This means that it adapts to meet your child at their level. We will be using this more in the 2nd quarter in our Math stations. However, it could also be helpful to use at home for additional practice.

Class Code: xc44py

This Week:

Math	<ul style="list-style-type: none">• Relating Equal Groups to Multiplication
Reading	<ul style="list-style-type: none">• Cause and Effect• "I Survived" Chapters 1-4

Wednesday:

- Reading: Cause and Effect Practice
- Math: Equal Groups practice

Thursday:

- Grammar: Possessive Nouns Practice
- Math: Page in Practice Book

Friday:

- Reading: Read for 15 minutes

A Note from the Teacher:

I am looking forward to meeting with each of you this week for Report Card Conferences, I am also looking forward to a great 2nd Quarter. I have been working on a lot of new things for the quarter. The first is that I am finalizing two projects. One will be sent out next week, while the other will be a bit later in the quarter. I am also excited to be starting a book unit. In class, we will be reading "I Survived: Hurricane Katrina". This will be used as the text to work on several skills over the next few weeks. Weekly Tests will be based on the skill and comprehension questions from the week's selected chapters. Lastly, I have gathered resources that will allow for better differentiation within our Math and Reading stations. Again, I am looking forward to a great quarter to come, and please reach out with any questions or concerns.

Mr. LaBlanc
