

# Mr. LeBlanc's Class Newsletter

## *Week of 9/18/18*

### **A Letter from the Teacher:**

Hello Parents! This week, students will be taking their Scantron tests. This is a great opportunity for us to see where they are at in Reading and Math to start the year. They took the reading portion today, and will be taking the math portion on tomorrow (Wednesday). Homework may be less on these days, as the testing does require time and therefore a change in our normal academic day. Beginning on Thursday, this should be back to normal.

Thanks,  
Mr. LeBlanc
