**Go out side! Notice signs of Spring! Draw what you see and bring the drawing to school! (If your child is interested, suggest he/she label the pictures. Spelling is not important right now. Praise all efforts at writing/pre-writing.) If Spring happens to be a bit “delayed”, draw what you think it will look like, or how it will look different than Winter.**

**Count your Easter eggs! Take some away and count them again. Add some and count them again. Make up math equations with them. For example:**

**“We hid 10 eggs and you have found 4. How many more are there?”**

**“You have 6 eggs and I have 5 eggs. Who has more?”**
