Go outside! Notice signs of Spring! Draw what you see and bring the drawing to school! (If your child is interested, suggest he/she label the pictures. Spelling is not important right now. Praise all efforts at writing/pre-writing.) If Spring happens to be a bit “delayed”, draw what you think it will look like, or how it will look different than Winter.

Find letters, and then come up with words that begin with that letter sound. (Nonsense words are ok. Just listen for understanding of the starting sound.)

Notice the helpers, the people who work in your community. Discuss their jobs with your children. Wave, say Hello and Thank you. Ask questions or write a note to someone whose work you appreciate (the trash collector, the person who delivers your mail, police officers and fire fighters, wait staff at a restaurant, construction or repair people, for example). Think about how life would be different if no one was doing that job.
