

February 27, 2019

Dear Parents and Guardians,

Last week the 6-8th grade students were introduced to the steps involved for the Science Fair taking place on Tuesday, May 21st – Thursday, May 23rd. Students will come up with an area of Science that they want to investigate. They will prepare a question or problem to be solved and then set up an experiment to prove their hypothesis. During this time, they will be working on their project at home, while spending some time in school researching or planning their project. This project will count as two test grades, as we will be spending a lot of class time to discuss and work on the project itself. The report will also count as a writing assignment in ILA. This letter is to let you know about the different due dates along the way, in the hope of eliminating last minute stress.

The dates are:

Tuesday, March 5th	Hand in question/problem for your Science Fair topic
Tuesday, April 9th	First notebook check
Tuesday, April 30th	Second notebook check
Thursday, May 16th	Final notebook check – completed (will be graded & returned Fri)
Tuesday, May 21st	Bring in Science Fair project, tri-fold, Science Fair notebook, report, and any objects to be displayed with project – will be judged
Thursday, May 23rd	Display of projects for parents
Friday, May 24th	Winners' pictures are taken & Projects go home

I am aware of _____'s involvement in the Science Fair taking place on Tuesday, May 21st.
