Carl Leclair, right, of Revere, Massachusetts, tells a captive audience about the miracle of his being revived six times after being clinically dead, which he attributes to Marie-Rose Ferron (1902-1936), of Woonsocket, during an afternoon talk and reflection presented by The Rose Ferron Foundation of Rhode Island, held at the American-French Genealogical Society in Woonsocket Saturday. Looking on, at left, is David Ethier, of Burrillville, president of the Rose Ferron Foundation of Rhode Island.

ABOVE: Francine Ouimette Ouellette, of Westport, Mass., gets a closer look at the life and miracles of "Little Rose" at the American-French Genealogical Society in Woonsocket Saturday.

RIGHT: A crowd of believers from around the region listen to Leclair and Ethier during their presentation.
