Art Club Expectations

Participation in Art Club is a privilege. In order to ensure that everyone has fun, learns a lot about art, and gets practice in new skills, we need to establish some basic rules that everyone is expected to follow.

- Art Club follows the membership policies for all activities regarding absence and student behavior. Failure to meet the requirements of those policies will result in loss of membership from the club for the rest of the school year.
- Art Club is fun, but it's not purely social. While quiet talking is permitted, please be respectful of other students who may be trying to concentrate on their work. If you are asked to quiet down, do.
- If you finish your project early, start cleaning up or start a new project. Do not bother other students who are still working.
- It is extremely disrespectful to make any mark [purposefully] on another student's work. Willfully marking another student's art is a serious infraction and will not be tolerated.
- If a student is too disruptive to stay in Art Club, they will be sent to Extended Care at their parents' expense.
- All students are expected to help clean up at the end of Art Club. We'll stop working at 3:35pm in order to begin cleaning up. And we all help one another – even if it's not "our" mess!

I have read and agree to follow the ASCS Art Club Rules. I understand that I/my child will not be allowed to participate in Art Club if these rules are not followed.
