

Camper News for Week #3

Our Lady of Lourdes Summer Camp

345 Westchester Blvd., Slidell, LA
www.ollonline.com / (985) 643-3230

Dear Parents and Campers,

We have a lot planned for **Week #3 – BOAT WEEK** – which will be our first week where visitors will be on-site to show us neat and interesting things as well as having campers participate in exciting, fun and educational field trips.

The week will kick off on Monday with campers learning how a local craftsman took an idea and some materials and created a hand-made wooden boat. Mr. Mike's wooden boat will be on display on campus for viewing all day Monday. The campers will also visit the Lake Pontchartrain Basin Maritime Museum on either Tuesday or Thursday where they will learn about the history of the local shipping industry, water safety, how to tie knots and use lines and see aquatic robots. A mini-field trip will be held on Wednesday with campers traveling across town to the Slidell Marina for a tour of a locally owned luxury yacht and a 1940's era naval vessel. They will also get a chance to swim on Wednesday and Friday weather permitting.

Feel free to contact our camp staff at 985-788-0215 (Camp Cell), school staff at 985-643-3230 (School Office) or me by e-mail if you have questions (asmith@ollourdes.org).

Thank you,

Alex P. Smith
Camp Director

Faith Note:

Matthew 8:23 – "When He got into the boat, His disciples followed Him." (Question: Will you join Jesus in boat?)
