

DISMISSAL FORM

Parents elect the method of transportation for their child at the beginning of the school year. You must request busing for your child by the district's due date, or drive your child to and from school, give permission in writing for your child to walk home alone or accompanied by you or attend the After School Program (form must be on file).

Once established this is the method of transportation that the student and parent are expected to follow. Teachers will record the method of transportation and children will be released to their assigned bus, or to a parent. There can be no variance from this established pattern except in the case of an emergency and written notice.

In order to release a child to anyone else or change the method of transportation, a request must be in writing to the child's teacher. If a child is going on a play date, both families must notify the teacher in writing. Please keep in mind that children cannot ride on other district's bus due to insurance reasons.

For EMERGENCY ONLY, requests to change the method of transportation or change the person, to whom the child is released, must be received before 2:00p.m. in order to notify the teachers and students of this change. We can no longer accept faxes or emails with changes in dismissals.

PLEASE RETURN THIS BY AUGUST 15th .
