

I'm home!

I came home on Friday. What a great feeling! I did well with my surgery – they tell me.

Now I have to get back on my feet. (Not too fast!)

Thank you God. Thank you for all your prayers.

Sister and I always pray for you, especially those of you who have had surgery in the past.

If you can, join us with the prayer below:

Prayer Before Surgery

Heavenly Father, caring and compassionate God,

You never fail to help those who call on You.

Give (name) courage and strength in (his/her) hour of need.

Guide the doctors who are diagnosing (his/her) illness.

Assist the surgeons and staff during surgery.

Help all those who will care for (him/her).

Give them patience and the virtues they need to assist (him/her).

Hold (name), Divine Physician, in the palm of Your hand

Where (he/she) always will be safe from harm. Trusting in Your

Protection, (he, she) will overcome (his/her) fears, for

You are always with us. Amen

I am doing better and would appreciate visitors, however I also need my “nap time”.

To make it easier when a “napping time” sign is on the door, we ask that you please visit another time.

Thank you very much for all your prayers, and know that Sister and I always pray for you.

Father Gerry
