Dear Friars, I am very upset that Governor Cuomo will not confess and is still going to communion even though he committed mortal sin.

The pilgrims did not have any bad laws like this so I wish we didn't. My Mom and Dad told me this bill for abortion might pass and I prayed really hard that it wouldn't but it did. So I have come up with an idea.

I know that the rosary is sharper than any sword so I'm guessing that this idea is the second strongest.

Me, you and my dad can build "convert Cuomo box" and then maybe we can put one in each church next to the poor box. Every day people can prayer cards and spiritual bouquet's to Governor Cuomo in it. Every week it gets emptied out and you put the cards into a big cardboard box and when that gets filled we mail it to the cardinal and he can give it to governor Cuomo.

I am positive that the rosary and these cards will convert Cuomo and stop abortion in our State and maybe even in all of North America.
