

April 1, 2018 Easter Sunday

Dear Parishioners,

The Lord is Risen, Alleluia!

Faith in the Resurrection of Jesus tells us there is a future for every human being; the cry for unending life is indeed answered. The Resurrection is the cause of our joy. Jesus is the place where exiled love has re-entered the world and he calls us to be with him and dependent upon him. Sin is vanquished and death conquered. God exists: this is the real message of Easter. Beginning to grasp the meaning of this is to know what it means to be loved and redeemed by God.

We are so happy to have baptized five individuals at the Easter Vigil and received nine others into full communion with the Church and our parish community. It was a joy to journey with this little flock this past year and to watch them grow in the Faith. Their walk with the Lord is really now just beginning. We look forward to see how the Spirit will continue to work in their lives. We will be gathering our flock for the next year's RCIA shortly, so if you may know someone who wants to make the journey into the Catholic faith, please have them call the parish office.

I and our Holy Rosary parish staff would like to wish our parish community and visitors a very Happy Easter! May the joy of the Resurrected Lord fill your heart and strengthen your faith.

In Christ,

Fr. Vincent
