

Dear Parents

Please encourage your children to cultivate their relationship with our Lord through personal prayer each and every day. There is no ONE WAY to pray—as prayer is simply lifting one’s mind and heart to God. The purpose of this program, **Saints in the Making**, is to give the children a “tool box” for prayer, to give them the comfort of familiarity in prayer so that they grow in their relationship with God the Father.

Each month, we will explore a different method of prayer but that does not dictate the form of prayer your child should engage in. Your family may have a specific prayer routine already and that is fabulous! If not, maybe now is the time to develop one. Your child may prefer to pray alone and that is fine, too. Simply put, we want everyone to be the PRAY-ers that we are made to be !!

Return the prayer calendar at the first class session of each month when all of the classes will meet in the church before class and ask for God’s blessing.

In September, we will explore Lectio Divina. This fits perfectly with the beginning of our parish wide *Living the Word* initiative which asks us to reflect on the Sunday Gospel and make a changes in our lives based on God’s Word.

Choose a scripture passage and then follow these steps...

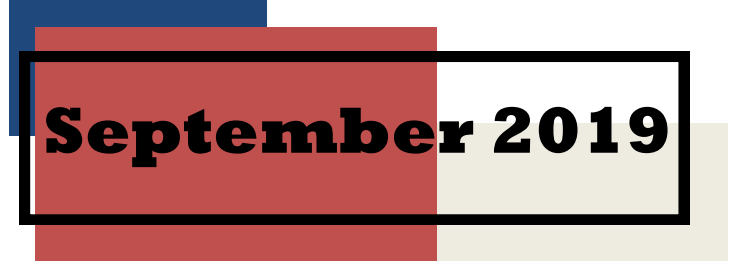

- READ: What does it say?
- MEDITATE: Think about what it means.
- PRAY: Talk with the Lord about your thoughts from the meditation.
- CONTEMPLATE: What is the change that will come from this passage?

I Pray Every Day!
