Independent Auditor's Report

Most Reverend Paul S. Coakley
Archbishop of Archdiocese of Oklahoma City

Report on the Financial Statements

We have audited the accompanying financial statements of the Archdiocese of Oklahoma City Pastoral Office Funds (Pastoral Office), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

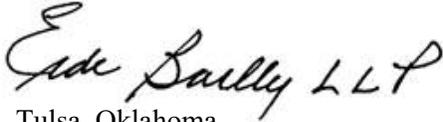

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Archdiocese of Oklahoma City Pastoral Office Funds as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Correction of Error

As discussed in Note 15 to the financial statements, the Pastoral Office changed its accounting for property and equipment to record depreciation in compliance with generally accepted accounting principles. In addition, certain errors resulting in overstatement of amounts previously reported for property and equipment as of June 30, 2015, were discovered by management during the current year. Accordingly, an adjustment has been made to net assets as of July 1, 2015, to correct these items. Our opinion is not modified with respect to that matter.

Note 1 - Principal Activity and Significant Accounting Policies

Organization

Archdiocese of Oklahoma City (the Archdiocese) is a nonprofit organization that serves the parishes and parishioners of the Roman Catholic Archdiocese of Oklahoma City. The Archdiocese includes 46 counties and over 100 parishes and missions located throughout central and western Oklahoma. The Archdiocese charges each parish an annual assessment and conducts annual development fund drives through the parishes in order to fund operations. Services provided by the Archdiocese include various social services, Catholic communications, priests' support, and information about the Catholic faith.

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, and include the accounts and funds of the Pastoral Office of the Archdiocese and certain budgeted department and offices over which the Pastoral Office has accounting and reporting responsibility (collectively, the Pastoral Office). The Archdiocese has certain other Archdiocesan agencies, parishes, and organizations which operate within the Archdiocese; however, these organizations do not operate within the Pastoral Office. Accordingly, the accounts of these other agencies, parishes, and organizations have not been included with the Pastoral Office. As a result, the accompanying financial statements are not intended to present the financial position and changes in net assets of the Archdiocese as a whole.

Cash and Cash Equivalents

All cash and highly liquid financial instruments with original maturities of three months or less, and which are neither held nor restricted by donors for long-term purposes, are considered to be cash and cash equivalents. Cash and highly liquid financial instruments restricted to projects, endowment, or other long-term purposes are excluded from this definition.

Receivables

Accounts receivable consist primarily of Diocesan assessment due from various Catholic organizations and insurance premiums receivable. Notes receivable consist primarily of notes due from member parishes in connection with the PDLF program discussed in Note 13. Notes receivable are carried at unpaid principal balances, less an allowance for losses.

Management's periodic evaluation of the adequacy of the allowances for uncollectible accounts and notes receivable are based on historical loss experience, a review of subsequent collections, specific impaired notes, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and current economic conditions. Past due status is based on the contractual terms of the note. Notes are considered impaired if full principal or interest payments are not anticipated in accordance with the contractual terms. Receivables are written off when deemed uncollectible.

Interest on notes is recognized over the term of the note and is calculated using the simple-interest method on principal amounts outstanding. Notes are placed on nonaccrual when management believes, after considering economic conditions and collection efforts, that the notes are impaired or collection of interest is doubtful. Interest income on nonaccrual loans is recognized only to the extent cash payments are received.

Contributions Receivable

Unconditional promises to give expected to be collected within one year are recorded at net realizable value. All contributions receivable at June 30, 2016, net of estimated uncollectible balances, are expected to be collected within one year. The allowance for uncollectible contributions receivable is based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Contributions receivable are written off when deemed uncollectible.

Property and Equipment

Property and equipment additions are recorded at cost, or if donated, at fair value on the date of donation. The gross costs of the Pastoral Center and Bishop McGuinness Catholic High School reflect replacement values as determined as of December 31, 1967 plus the historical cost of additions to the buildings subsequent to 1967; the replacement value costs have been fully depreciated at June 30, 2016.

Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from five to fifty years. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statement of activities. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The Pastoral Office reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2016.

Self-Insurance Plan

The Pastoral Office has a self-insured plan to serve the property and casualty and health and accident insurance needs of the Archdiocese and its parishes and organizations. Premiums received by the Pastoral Office from the insured organizations are recognized evenly over the contract period and are shown net of premiums paid to third parties for reinsurance coverage. Unearned insurance premiums representing the portion of the premiums applicable to the unexpired period of the contract are included with liabilities in the accompanying statement of financial position. A plan administrator has been retained to oversee the administration of the Plan based upon guidelines established by the Pastoral Office.

Contributions Payable

Contributions payable consist of unconditional promises to give to recipients. Amounts expected to be paid within one year are recorded at net realizable value. Unconditional promises to give to be paid over more than one are recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the liability. In subsequent years, amortization of the discounts is included in contribution expenses in the statement of activities.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Unrestricted Net Assets – Net assets available for use in general operations. Unrestricted board-designated net assets consist of net assets designated by the Finance Council for operating reserve and board-designated endowment.

Temporarily Restricted Net Assets – Net assets subject to donor restrictions that may or will be met by expenditures or actions of the Organization and/or the passage of time, and certain income earned on permanently restricted net assets that has not yet been appropriated for expenditure by the Finance Council.

Contributions are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently Restricted Net Assets – Net assets whose use is limited by donor-imposed restrictions that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the Organization. The restrictions stipulate that resources be maintained permanently but permit us to expend the income generated in accordance with the provisions of the agreements.

Revenue and Revenue Recognition

Contributions, including unconditional promises to give, are recognized as support in the period received. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted net assets based on donor imposed restrictions, if any. Assessment and fee income is recognized ratably over the period for which the related assessments and fees relate, which generally corresponds with the Pastoral Office's fiscal year. Insurance premiums received from the insured parishes and organizations are recognized evenly over the contract period and are shown net of premiums paid to third parties for reinsurance coverage.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. We record donated professional services at the respective fair values of the services received.

Income Taxes

The Archdiocese is organized as an Oklahoma nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as organizations described in Section 501(c)(3). Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Archdiocese of Oklahoma City Pastoral Office Funds

Notes to Financial Statements

Year Ended June 30, 2016

The Archdiocese is not required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. Furthermore, Congress has imposed special limitations on how and when the Internal Revenue Service (IRS) may conduct civil tax inquiries and examinations of religious entities. The IRS may only initiate a tax inquiry if the Director of Exempt Organizations Examinations reasonably believes based on written statements of the facts and circumstances that the Organization may not qualify for the exemption or may not be paying tax on unrelated business income or other taxable activity.

The Archdiocese believes that it has not engaged in activities that are not related to the purposes for which the Archdiocese was created, and as such, does not have any uncertain tax positions that are material to the financial statements. The Archdiocese would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Note 11 presents total expenses by function.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Archdiocese to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and those differences could be material.

Financial Instruments and Credit Risk

The Archdiocese manages deposit concentration risk by placing cash, money market accounts, and certificates of deposits with financial institutions they believe to be creditworthy. At times, amounts on deposit may exceed insured limits. To date, the Archdiocese has not experienced any losses in any of these accounts. Credit risk associated with accounts and contributions receivable is considered to be limited due to high historical collection rates. Investments are made by diversified investment managers whose performance is monitored by the Finance Council. Although fair values of investments are subject to fluctuation on a year-to-year basis, the Archdiocese and the Finance Council believe that the investment policies and guidelines are prudent for the long-term welfare of the Archdiocese.

Subsequent Events

Subsequent events have been evaluated through January 24, 2017, the date the financial statements were available to be issued.

Note 2 - Fair Value Measurements and Disclosures

The Pastoral Office reports certain assets and liabilities at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, inputs are developed using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset or liability. The categorization of an asset or liability within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to an assessment of the quality, risk or liquidity profile of the asset or liability.

Generally, quoted market prices are available for cash equivalents, common and preferred stocks, and open-end mutual funds with readily determinable fair values based on daily redemption values, and as such are classified as Level 1 in the fair value hierarchy. The Pastoral Office also invests in corporate bonds and notes, mortgage backed securities, and certificates of deposit traded in the financial markets; these are valued by the custodians of the securities using pricing models based on credit quality, time to maturity, stated interest rates, and market-rate assumptions, and are classified as Level 2.

The Pastoral Office uses (NAV) per share, or its equivalent, such as member units or an ownership interest in partners' capital, to estimate the fair values of certain private equity funds, pooled investment funds, funds of funds, and limited partnerships which do not have readily determinable fair values. Investments valued at NAV are classified within Level 2 if we have the ability to redeem the investment at NAV per share at the measurement date or within the near term; otherwise, the investment is classified within Level 3.

The fair value of the liability for funds held for parishes and other Catholic organizations is derived in the same manner as investments. The related investments managed for these entities are comprised of Level 1 and Level 2 investments. As these funds effectively represent pooled investments with no withdrawal restrictions, they are classified as Level 2 within the fair value hierarchy.

Investments in certain entities that calculate NAV per share are as follows at June 30, 2016:

	Fair value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled investment funds (A)	\$ 12,053,243	\$ -	Daily	None
Catholic Values index fund (B)	9,188,950	-	Daily	None
	<u>\$ 21,242,193</u>	<u>\$ -</u>		

(A) Pooled investment funds represent the Pastoral Office's proportionate share of an investment pool which is the custodial responsibility of The Catholic Foundation of Oklahoma, Inc. (the Foundation). Pooled investment funds are held and managed by a trust company affiliated with a major regional bank that has investment authority over the investment transactions subject to investment policies that are established and periodically updated by the Board of Directors of the Foundation. Pooled investment funds are generally comprised of money funds, government debt securities, certificates of deposits, and equity securities.

(B) This fund's objective is to provide a similar price and yield performance, before expenses, of large cap equities. The Fund refrains from owning securities of firms whose products or services are inconsistent with the philosophy of the Catholic Church through the investment guidelines published by the U.S. Conference of Catholic Bishops.

Note 3 - Net Investment Return

Note 7 - Line of Credit and Letters of Credit

The Pastoral Office has a revolving line of credit with a bank that provides for borrowings of up to \$2,350,000 through March 27, 2017. Borrowings on the line bear interest at the Two-Year Treasury Note Constant Maturity Index plus 1 percent. The Pastoral Office is required to make monthly payments of accrued interest with all outstanding borrowings due March 27, 2017. The line of credit agreement contains several financial covenants which require, among other things, maintenance of \$20 million of unrestricted and unencumbered liquid net assets, maintenance of \$30 million of unrestricted net assets, and limitation to \$50 million of aggregate funded and contingent debt. There were no outstanding borrowings on the line of credit at June 30, 2016.

The Pastoral Office has a \$475,000 irrevocable letter of credit with a bank for the benefit of Oklahoma's Workers' Compensation Court in relation to the self-insurance plan described in Note 1. The letter of credit provides borrowings through July 30, 2017, and automatically renews each year unless otherwise terminated.

Note 9 - Endowment Funds

The Pastoral Office's endowments consist of various donor and board-restricted funds which are managed and controlled by the Pastoral Office and were established for various donor restricted purposes as shown in Note 8. The net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. All of the endowment funds held by the Pastoral Office are managed and controlled by the Pastoral Office in accordance with the following policies.

Interpretation of Relevant Law

The Finance Council of the Archdiocese has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA). For purposes of these financial statements, the market value of the original gift date is classified as permanently restricted.

As a result of this interpretation, the Pastoral Office classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of the subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund, not classified in permanently restricted net assets, is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Archdiocese in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Finance Council considers the followings factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and appreciation of investments
- Other resources of the organization
- The investment policies of the organization

Archdiocese of Oklahoma City Pastoral Office Funds
Notes to Financial Statements
Year Ended June 30, 2016

At June 30, 2016, the Archdiocese had the following net asset composition by type of fund:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
June 30, 2016				
Board-designated endowment	\$ 6,334,206	\$ -	\$ -	\$ 6,334,206
Donor-restricted endowment	708,266	69,735	6,229,907	7,007,908
	\$ 7,042,472	\$ 69,735	\$ 6,229,907	\$ 13,342,114

Investment and Spending Policies

From time to time, the fair value of assets associated with the individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Pastoral Office to retain as a fund of perpetual duration. One permanently restricted fund for which a portion of earnings are reinvested as permanently restricted declined in value by \$45,513 during the year ended June 30, 2016, but prior year reinvested earnings exceed this temporary shortfall.

The Pastoral Office has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Pastoral Office must hold in perpetuity. Under this policy, as approved by the governing body, the endowment assets are invested with the combined objectives of growth and current income. The asset allocation policies (see below) reflect and are consistent with the investment objectives and risk tolerances expressed through the investment policy.

To satisfy its long-term rate-of-return objectives, the Pastoral Office relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Pastoral Office targets a diversified asset allocation via investments managed by professional investment managers who have discretionary investment authority over investment transactions subject to investment policies which are established and periodically updated by the Pastoral Office.

The Pastoral Office has a policy of appropriating for distribution each year amounts up to, but not to exceed, actual investment performance for that year. Since the Pastoral Office limits the appropriations to actual investment performance, it feels that this policy protects the purchasing power of the endowment as outlined by donor specifications.

Note 10 - Donated Professional Services and Materials

During 2016, Bishop McGuiness Catholic High School donated real property consisting of building renovations and a sports complex, which are used by the School. These items were capitalized in the amount of \$654,791.

Note 11 - Functionalized Expenses

Total expenses by function were as follows for the year June 30, 2016:

Program	\$ 16,826,667
Management and general	5,897,059
Fundraising	181,635
Total functionalized expenses	<u>\$ 22,905,361</u>

Note 12 - Employee Benefits

Defined Benefit Plan

The Pastoral Office has an unfunded noncontributory defined benefit pension plan that covers all incardinated priests (the Pension Plan). The priests are eligible to receive pension benefits upon reaching their normal retirement age of 75, however, early or late retirement may be granted by the Archbishop in specific instances (average retirement age is 70). The pension benefits include (1) retired priests receive the same salary as active priests, adjusted every June for inflation; (2) \$1,000 per year for personal expenses; (3) monthly rent subsidies of \$500; and (4) nursing home care provided at no cost; however, monthly pension payments are reduced to \$100.

Archdiocese of Oklahoma City Pastoral Office Funds
Notes to Financial Statements
Year Ended June 30, 2016

The Pension Plan is currently funded by assessments to parishes, monthly contributions from the Pastoral Office, and receipts of discretionary contributions from parishioners. The Pastoral Office uses a June 30 measurement date for the Pension Plan.

The changes in the pension benefit obligations for the year ended June 30, 2016, are as follows:

Benefit obligation, beginning of year	\$ 15,462,445
Service cost	494,997
Interest cost	642,675
Actuarial (gain)/loss	650,515
Benefit payments	<u>(1,065,583)</u>
 Benefit obligation, end of year	 <u>\$ 16,185,049</u>

The changes in fair value of the pension plan's assets for the year ended June 30, 2016 are as follows:

Fair value of plan assets, beginning of year	\$ 3,950,333
Actual return on plan assets	(53,276)
Benefit payments	(1,065,583)
Employer contribution	<u>560,730</u>
 Fair value of plan assets, end of year	 <u>\$ 3,392,204</u>

The funded status of the pension plan at June 30, 2016 is as follows:

Unfunded	<u>\$ (12,792,845)</u>
----------	------------------------

The net amount recognized in the statement of financial position at June 30, 2016 consists of:

Accrued pension benefit cost	\$ (12,792,845)
Accumulated pension related changes other than net periodic pension benefit costs	<u>5,338,479</u>
 Net amount recognized	 <u>\$ (7,454,366)</u>

In addition to the pension plan's assets segregated in a trust for the benefit of future payments under the pension plan, the Pastoral Office has internally designated \$2,946,587 as of June 30, 2016, of its unrestricted net assets for funding of the pension plan's obligations.

Archdiocese of Oklahoma City Pastoral Office Funds
Notes to Financial Statements
Year Ended June 30, 2016

Components of net periodic benefit cost and other amounts recognized in accumulated pension related changes for the year ended June 30, 2016, are as follows:

Service cost	\$ 494,997
Interest cost	642,675
Expected return on plan assets	(280,787)
Amortization	<u>174,210</u>
Net periodic benefit cost	<u>1,031,095</u>
Other changes in plan assets and benefit obligations recognized in accumulated pension related changes	
Current year actuarial loss	<u>785,188</u>
Total recognized in net periodic benefit cost and accumulated pension related changes	<u><u>\$ 1,816,283</u></u>

The estimated net loss and prior service cost that will be amortized from accumulated pension related changes into net periodic pension benefit cost in fiscal year 2017 will be \$197,766.

The following are weighted-average assumptions used to determine benefit obligations at June 30, 2016:

Discount rate	3.43%
Rate of compensation increase	3.00%

The following are weighted-average assumptions used to determine net periodic benefit cost for the year ended June 30, 2016:

Discount rate	4.30%
Rate of compensation increase	4.00%
Expected long-term rate of return on plan assets	7.00%

The Pastoral Office's expected long term return on plan assets assumption was derived from an analysis conducted by the Pastoral Office's actuaries. The analysis included a review of the asset allocation strategy, anticipated future long-term performance of individual asset classes, and risks and correlations for each of the asset classes that comprise the asset mix. While the analysis gives appropriate consideration to recent performance and historical returns, the assumption is primarily a long-term prospective rate.

Notes to Financial Statements

Year Ended June 30, 2016

The following table sets forth by level, with the fair value hierarchy, the pension plan's assets at fair value as of June 30, 2016:

	Total	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Cash and cash equivalents	\$ 131,348	\$ 131,348	\$ -	\$ -
Equity securities	1,949,076	1,949,076	-	-
Fixed income funds	1,311,780	1,311,780	-	-
Total assets at fair value	\$ 3,392,204	\$ 3,392,204	\$ -	\$ -

The pension benefit plan assets are carried at fair value in accordance with the fair value hierarchy as discussed in Note 2.

In setting investment policies and strategies, the ability of the selected investment mix to fund the pension plan liabilities effectively, meet the long-term asset return target of 7 percent, and align the selected mix with the risk tolerance of the plan's fiduciaries was taken into account. The strategic mix has reduced exposure to an equity market risk and increased allocation to asset classes which are not highly correlated, as well as asset classes where management has historically generated excess returns, and places greater emphasis on manager skills to produce excess return while employing various risk mitigation strategies to reduce volatility.

The Pastoral Office expects to contribute approximately \$525,000 to the defined benefit pension plan in fiscal year 2017.

The following estimated future benefit payments, which reflect expected future service, as appropriate, are expected to be paid in the fiscal years indicated:

2017	\$ 876,902
2018	820,456
2019	829,050
2020	842,153
2021	791,394
2022-2026	3,617,233

Defined Contribution Plan

The Pastoral Office also sponsors a 403(b) Church Retirement Plan (the 403(b) Plan). The 403(b) Plan covers substantially all Archdiocesan or affiliated Catholic organizations' lay employees. Each affiliated Catholic organization contributes a discretionary amount (3 percent of the participant's salary for fiscal year 2016). In addition, organizations match the first 4 percent of employee contributions at 50 percent such amount. New participants become vested in six years (20 percent per year after the second year of service). Expenses for the Pastoral Office's portion of the 403(b) plan were not significant for year ended June 30, 2016.

Note 13 - Related Party Transactions

Investments include investments managed for related parties. The Pastoral Office, in a fiduciary capacity, manages the following investments for parties associated with the Archdiocese as of June 30, 2016:

Archdiocesan Parish Deposit and Loan Fund (PDLF)	\$ 37,249,454
Catholic Charities	1,433,992
Resurrection Memorial Cemetery, Inc.	7,083,520
St. Ann's Home, Inc.	1,002,968
Bishop McGuinness High School	1,760,926
	\$ 48,530,860

PDLF is an investment pool of funds deposited by parishes and other members of the Archdiocese. PDLF was established to provide financing to defined members of the Archdiocese and is administered by the Pastoral Office and a third-party administrator. Funds deposited to the PDLF earn interest at a rate based on the monthly average rate of two-year U.S. Treasury Notes plus 0.25 percent, and loans from PDLF bear interest at a floating rate adjusted monthly based on the average rate of two-year U.S. Treasury Notes plus 1.25 percent. The policy of PDLF is to limit outstanding loans to 75 percent of the total PDLF assets with the remaining assets being invested in cash or equity/fixed income securities.

Deposits to PDLF are guaranteed by the Pastoral Office. As of June 30, 2016, PDLF has assets of \$45,371,845, consisting of funds deposited by the Pastoral Office and other members of the Archdiocese, and had loans outstanding to members of the Archdiocese of \$15,116,447 (Note 5).

The Catholic Foundation of Oklahoma, Inc. (Foundation) conducts business from offices located inside the Pastoral Office building, and reimburses the Pastoral Office for salaries, payroll taxes, retirement and other benefits, insurance, rent, and telephone expenses. The total received from the Foundation for the year ended June 30, 2016 was \$156,238. Accounts receivable at June 30, 2016 included \$41,360 due from the Foundation. The Foundation holds and manages certain investments of the Pastoral Office, which amounted to \$14,350,954 at June 30, 2016. Fund management fees paid to the Foundation for the year ended June 30, 2016 were \$47,657.

Note 14 - Commitments and Contingencies

Guarantees

The Pastoral Office is contingently liable as guarantor for certain automobile loans for its priests which total approximately \$75,000. In the event the debtor fails to make the required principal and interest payments on the bank debt, the Pastoral Office would be required to make such payments.

The Pastoral Office is also contingently liable as guarantor for a loan between Good Shepherd Catholic School, Inc. (the School) and a nonprofit corporation for \$250,000 at June 30, 2016. In the event the School fails to make payments, the Pastoral Office would be required to make such payments. This note was renewed with all outstanding principal and interest due and payable on December 31, 2017.

Notes to Financial Statements

Year Ended June 30, 2016

St. Ann Retirement Center, Inc. had obligations as of June 30, 2016, related to 2011 Revenue Bonds (Bonds). In connection with the Bonds, the Pastoral Office has entered into a guaranty agreement which will remain in effect through the maturity and settlement of the Bonds. The Bonds bear interest at an annual fixed rate of 4.06 percent and require monthly principal and interest payments through December 1, 2027. Remaining payments total approximately \$9,390,000 as of June 30, 2016.

Contributions Payable

The Pastoral Office has made unconditional promises to give to certain organizations. Contributions to be paid in more than one year are discounted using rates ranging from 1 to 3%. The following is a summary of contributions payable at June 30, 2016:

To be paid in fiscal year 2017	\$ 698,756
To be paid in fiscal year 2018	487,667
To be paid in fiscal year 2019	<u>467,667</u>
	1,654,090
Less discount	<u>(70,968)</u>
	<u><u>\$ 1,583,122</u></u>

Note 15 - Adoption of Accounting Principle and Restatements

Prior to July 1, 2015, the Pastoral Office did not record provisions for depreciation or impairment of its property and equipment. For the year ended June 30, 2016, the Pastoral Office changed its accounting for property and equipment to depreciate its property and equipment in accordance with generally accepted accounting principles and retrospectively determined accumulated depreciation of its property and equipment through June 30, 2015, amounting to \$18,699,538. As part of this process, the Pastoral Office determined certain property and equipment that should not have been recorded and other property and equipment owned that had been omitted from its books as of June 30, 2015, which resulted in a net reduction of property and equipment of \$1,341,861 at June 30, 2015. Beginning net assets on the statement of activities was restated to reflect depreciation and correct these misstatements, which decreased unrestricted net assets and total net assets at July 1, 2015 by \$20,041,399.
