

ST. ANTHONY  
—DE PADUA—  
CATHOLIC SCHOOL

### SchoolMessenger Contact Information

In our effort to improve communication between parents and school, St. Anthony School uses a telephone broadcast system that enables school personnel to notify all households and parents by phone within minutes of an emergency or unplanned event that causes early dismissal, school cancellation, or delayed openings. The service may also be used from time-to-time to communicate general announcements, changes in sports schedules, or reminders. This service is provided by SchoolMessenger, a company specializing in school-to-parent communications. St. Anthony School will continue to report school closings due to snow or weather on the TV, radio, internet, and via text message, and will use this system in addition to the public announcements.

When used, the service will call all phone numbers in our selected parent contact lists and will deliver a recorded message from a school administrator. The service will deliver the message to both live answer and answering machines. No answers (phones ringing over 40 sec.) and busies will be automatically retried twice in fifteen minute intervals after the initial call.

#### Student Name(s)

<input type="text"/>	<input type="text"/>	<input type="text"/>

#### Phone Contact Information

The Primary Contact Number will be used to call you every time we send a SchoolMessenger call, regardless of the urgency of the message. **The Secondary Contact Number will be called at the same time as the Primary Number.** Please consider these numbers carefully and make an effort to keep us informed as soon as possible if any number changes for any reason

#### Email Information

We will also utilize email messaging for non-urgent school specific information and reminders. Please provide an email address where information sent by the school will be received.

Parent/Guardian Email Contact

Thank you for your assistance. Please sign and return this form to the school office. If the form is not returned, information currently on file will be used to populate the SchoolMessenger database.
