FROM: Mr. Barnaba  
RE: Graduation Ring

At this time you can place your order for a class ring if you choose to purchase one for your child. We need to place the order Wednesday, October 10th, so that they will be ready by our Ring Ceremony (Date: January 6<sup>th</sup>). Since the class ring is optional, if you do not return the fee by October 1<sup>st</sup> (or speak to me), we will assume that you do not wish to order the ring for your child.

*Please CIRCLE the style and metal of your ring, and return this form and the payment by Monday, October 1st.*

	Miniature	Standard	Large
<p><b>Argentum</b> <i>A strong, durable metal. Its hardness exceeds that of gold or silver and it has a platinum-like luster. It is silver in color.</i></p>	\$55	\$55	\$55
<p><b>Goldtone</b> <i>Goldtone has the same qualities of Sterling Silver. It has been gold plated. The gold plating will not tarnish. It is an economical alternative to 10K gold.</i></p>	\$90	\$100	\$100
<p><b>Sterling Silver</b> <i>SS is a semi-precious metal with a bright, shiny finish. With an occasional polish with a cloth, this sterling ring will keep its original luster and shine.</i></p>	\$75	\$85	\$90
