## FACTS Tuition Ten Month Payment Option

If you used the FACTS Tuition Payment Program last year, you do not need to re-register with FACTS. If you are a new family, or if you did not use the FACTS Tuition Payment Program last year, you must register with FACTS.

Please note that the tuition does not include the Service Commitment. If you do not complete 20 hours of volunteer service by the end of the school year, you will be billed \$1,000 separately for the family Service Commitment.

The FACTS Tuition Payment Program begins in July and may be drawn from either a checking account, a savings account, or you may use a credit card with a 2.75% usage fee.
