

Food Service Student Lunch Account Policy

Catholic Schools of Greater Kalamazoo provides students with the ability to establish lunch accounts through Boonli for the convenience of prepaying/ordering for student lunches. In the event that a student needs a lunch, we will provide a "forgotten lunch". Your student is allowed to charge up to 3 lunches, the balance will be automatically added to your cart and can be paid for the next month. No student will be denied food, however, an alternative lunch may be provided until the account is fully funded. If you do not have a Boonli account, we will send a note home with your child every time we provide a "forgotten lunch" please send the payment to the school office as soon as possible. Families may participate in the National Free and Reduced Hot Lunch program, which may allow free or reduced lunch prices for your student based upon family income. More information and Applications are available on the school's web site, or by contacting the food service staff.
