

2019 St. Priscilla Vacation Bible School God Engineered Me with Strength and Courage!

An engineering spin on VBS like you have never seen before!

Join us for a week of studying Bible stories focusing on how we can find our strength and courage when we trust in the Lord! Each day students will discuss stories from the Bible, learn new worship songs, and complete an engineering activity that links the whole day together. Students will be constructing, testing, and editing aerospace, mechanical, electrical, and environmental engineering builds throughout the week.

Who: ANY child ages 6-11
ages 12+ are encouraged to volunteer as VBS leaders and assistant leaders

When: Monday-Friday, June 24-28, 9am-12pm
